PLANNING AND STYLING
FOR FLAWLESS EVENTS.

YOU'RE ENGAGED! CONGRATULATIONS!

If you found your way here, it probably means you're in need of a wedding wing-woman. A friend to guide, advise and help you navigate your way to your most perfect day. My Pretties is a creative wedding planning, styling and floral studio. We are known for our obsession with modern-luxury design and the desire to support couples on their planning journey. Based in Yorkshire and available worldwide, our goal is to support you, so you can relax throughout the planning process and fully enjoy your day, knowing it's in safe hands.

Favoured by style-conscious and forward-thinking couples who share our passion for the finer things in life and quality service. My Pretties UK will help tell your love story; that special connection between two people. We work alongside you to design the wedding you really want.

We are a small, dedicated team with an extensive background within the event industry. I would describe our style as modern-luxury. We create beautiful venue florals, bouquets, buttonholes and more and we only use the highest quality flowers, props and décor.

ABOUT ME

Hi, I'm Jen!

I live and breathe design, the smallest of details have always been the most important to me. My passion was sparked in my previous career working in interiors and visual merchandising.

Like a lot of brides, I found planning my wedding very stressful. It was almost impossible to find the kind of stylist, designers or suppliers that I needed to help bring my wedding vision to life. So, I did it myself! But the stress of coordinating my own day and styling my venue just a matter of hours before saying 'I do' meant that I wasn't able to relax and fully embrace my time as a bride. I started this business in 2017 with the aim of taking that stress away from my couples, so that they can experience their day as they should.

Now I enjoy working with clients who consider design and aesthetic a non-negotiable, who want to be individual and brave, adore flowers and who really appreciate quality.

I can't wait to hear all about you and how we can help you!

COORDINATION

Our 'on the day' coordination service is for the couples who have planned their wedding but value their time and need expert support on the day. I help to create a structured timeline for all your wedding vendors six weeks before the wedding.

Two weeks before, I take over the correspondence and details between you and all your vendors. Ensuring you have plenty of downtime ahead of the big day. On the wedding day, I am personally on hand to ensure your day runs smoothly and to time.

Please enquire for a full breakdown

6 hours of coordination is a flat fee of £450, each additional hour is charged at £50 per hour

FLORALS

Creating your wedding florals is just as important to us as the whole design. Flowers are an essential part of our styling and design briefs and we love to create complimentary fresh and luxurious venue florals.

We adore flowers and putting our own creative stamp in this area really does ensure a thoughtful and cohesive design right the way through. We only use fresh, quality products to ensure the highest quality finished product. From large scale floral installations and backdrops, to bouquets and buttonholes you can be assured that your florals are in good hands. We are more than happy to work alongside other florists if you have your heart set on a particular supplier. But many of our couples have found that having all the creative elements in one place has saved them both time and stress.

DESIGN & STYLING

We love to create interesting, beautiful and completely bespoke styling solutions that reflect both the couple and the venue. We offer a detailed consultation in order to ensure the design we create for you is considered and suitable.

Our standard design & styling fee starts from £350

What's included? Our standard fee for design/styling pays for the expertise of my team and I who will manage the styling of your venue on the day, as per the design. We use the highest quality décor and beautiful fresh florals without exception. We tailor the design to each individual client and their preferences, so you can be sure your wedding is unique.

A bespoke quote will be made for you to create your chosen design following a consultation.
